A LIVELY SESSION.

Pittston Statesmen Again Clash in the Council Chambers.—The Wicked Reporter to Be Investigated.

Special to the Scranton Tribune.
PITTSBURY, Pa., Aug. 14.—The borough fathers again assembled this evening and held a lively session. Previous to the opening of the meeting it was decided that none but parties having business with the council should be admitted. Consequently the doors were kept closed during the pow wow while 600 or 600 citizens stood outside of the building awaiting developments.

Trouble began at 8:30. After the reading of the minutes of the meeting a report of the expedition of the junksters was read by the secretary, Mr. Donnelly, one of the members of the recent excursion, made a motion that the report be received and placed on file. Mike Lynott, another junkster, seconded the motion.

At this instant Mr. Kearney, a stay-at-home, and one of the kickers against the statement that it was unparliamentary for a member of a committee to introduce a motion bearing upon a matter to which he was a party. After some controversy Kearney was choked off and the motion prevailed.

Mr. Kearney then demanded of Mr. Mangan the resolution that had been offered by Kearney some time ago referring to an investigation of the much talked of street car pass demands. Mr. Mangan refused to return the document at the same time holding that it was private property. Kearney, who by the secretary that the resolution had been introduced in the council in the regular way and was the property of the council. Mangan then stated that he did not have the paper with him.

Kearney became decidedly warm at this and retired from the hall with a door at which he was to be opened.

At the first sign of anger on the part of Kearney, Mr. Mangan vigorously referred to the chief of police. That worthy individual, who stood near the door, rushed in at Kearney, who retired however, in good order. Messrs. Hennegan and Tighe also withdrew at this time.

After the departure of Kearney and his friends all was smooth sailing. The temptations seas became calm and harmony prevailed for a time. Mr. Clifford introduced a resolution instructing burgess and city engineer to prepare plans for paving and sewerage Main and Water streets. Bids for the work to be accompanied with certified check for \$1,000 and be in hands of secretary twenty-four hours before time of meeting at which bids were to be opened. Mr. Donnelly objected to the resolution and proposed that as resolutions had been cast upon members of council that each bid to read in open meeting by the several bidders. After a controversy between Messrs. Clifford and Donnelly, the latter's peculiar scheme was rejected and committees were appointed to act with burgess and city engineer.

Mr. Donnelly then arose and said that during the absence of the committee of the council a scurrilous scribbler not being capable of doing the work himself, had engaged relatives to make attacks upon the committee in the papers while its members were in 1,000 miles from home, casting aspersions upon their characters for integrity and sobriety.

He therefore asked that a committee be appointed to investigate the action of the scribbler with the idea of having the reporter excluded from future meetings of the council in case a report of the committee would warrant such proceeding. The chair appointed Messrs. Reap, Clifford and Donnelly on the committee as requested.

Mr. Donnelly then offered a resolution declaring the seats of Councilmen Kearney, Hennegan and Tighe vacant. The borough attorney was asked whether such proceeding would be legal, but could not give an answer. A ballot was finally taken. Messrs. Donnelly and Lynott voted to expel the members, but the other councilmen present refrained from taking a hand in the business. Donnelly then moved that the vandals that had been created by Lynott and himself be fined. This vote was lost and after unexciting deliberations the body adjourned.

The salaries of teachers were fixed as follows: Principal, \$90; an increase of \$2.50; primary teachers, \$38, an increase of \$3. The other teachers receive \$40, as formerly.

"Lieutenant C," who is doing reportorial work at Camp Crawford for the Wilkes-Barre Leader, in a letter dated Aug. 13, has the following unpleasant notice concerning members of company C, of this place: "Three members of company C, of the Ninth regiment, were discharged yesterday for being disorderly on the train. They are Messrs. Langan, Hanahoe and Jordan, of Pittston."

Today being the Feast of the Assumption, a holiday of obligation in the Catholic church, services will be held at St. John's church at the usual hours, 7 and 9 o'clock.

"Richard II" will be the opening attraction at Music hall. It will be presented by Owen D. Jones and Joseph Ransome, the first accomplished Shakespearean delineator and the second the late leading man of Frederick Ward, with other brilliant players, the tragedy will be replete with the highest grade of eloquent effort.

Aside from these prominent players known on stage for years, the event involves the first professional appearance of Miss Tillie Lewis, the accomplished elocutionist, in the role of the queen mother, the Duchess of York. The Pittston friends will want to see her on this occasion, as will the many friends of Miss Kittie McCabe, the sweet-voiced soprano of St. Mary's Roman Catholic choir of Wilkes-Barre, who will take the important part of Lady Anne. The role of Queen Elizabeth will be sustained by Miss Mary Laskuski Young, who has supported such great actors as Booth and Barrett.

The Ladies' Aid society of the Presbyterian church will hold a green social in the basement of the church on Friday evening of this week from 6 until 9. Supper, adults 20 cents, children 10 cents. A cordial invitation to all is extended.

The special election held in this borough yesterday, which was mentioned in Tuesday's TRIBUNE, passed off very quietly, and by the returns it appears that Forest City's previous onward march of progress is retrograding, as of a total of 137 votes, 54 were for and 83 against the project of raising \$5,000.

The money was absolutely needed to open up streets that are now nearly impassable, and to build a borough building containing council rooms, lockup and fire rooms, and also to pay off the outstanding debts. But the non-progressives carried the day and the treasurer and the police will have to content themselves by climbing over the stumps and the stones. The borough authorities will also have to be satisfied with its makeshift of council room and offices, the worthy Enterprise Fire company with their elaborate (7) hose room and parlors, and the poor law beavers who fall out of the hands of the vigilant "cops" of this place, will have to spend his weary night in the same damp and dingy cell as of yore, and they who carry a well worn order or orders against the borough must preserve it with care, for it is liable to expire before it is used, unless the majority of the citizens awake from their present lethargy.

Early in the afternoon of yesterday the stars and stripes commenced to flow in the breeze and preparation for the big occasion was begun.

A committee from the South district was present with a petition opposing the new building with 700 names signed to it. Patrick Gibbons, of the Northeast district, was present with a petition representing the citizens of that portion of the township and asking the board to disapprove with the building of the new school. A petition with 225 names signed to it from Moosic asking for the erection of the school was also presented. Mr. Burleigh offered a motion to postpone any further consideration for two weeks.

After considerable debate the motion was carried and another meeting will be held two weeks from Monday night.

Old Forge.

Contrary to expectations, on Tuesday morning, when Messrs. Watrous and Ammerman, who represent the Traction company, met the committee of citizens of Old Forge township they refused to accept the resolutions drawn upon Monday, but set their men at

work preparing the roadbed and laying ties. During the forenoon the supervisors got a force of men and threw out what ties had been laid and began to fill in the road. The citizens are determined of having street cars, but they want the roads to be left in such condition that wagons may be used upon them also. But they certainly would not be if the work at Carbondale Hill is a specimen of what is to follow. The supervisors are determined that the roads shall be left in a proper condition and are seconded by the citizens of the township.

At the regular meeting of the Old Forge school board, held at Carbondale Hill on Monday evening, the teachers appointed for the following year are as follows: Carbondale Hill—Supervising principal, F. R. Coyne; Kate Clark, Kate Clusman, Strain Roache, No. 1, Wealthy Brothard; No. 2, Ella Drake, Lizzie Dawson; Bandham, L. B. Brodhead, Bertha Rees; Sibler, William Gordon, Mary Connelly. Substitute, Barbara Neale. The length of term and when the schools will open will be decided at the next meeting.

The Deadly Favorite.
Macallister McIlhenry's soul for the instant was as if a silver sunbeam had fallen upon it.

The girl who had been frowning on him had smiled.

It was a smile that lighted the world in the beginning.

Macallister McIlhenry had bet his salary two weeks in advance on the favorite, and that brute had won last place by a tail, heels down, and it was the season when ice cream and strawberries were ripe.

When the girl smiled, Macallister McIlhenry took hope.

"Your smile is the loveliest thing in the world," he murmured soft and low.

"Yes," she responded, smiling again.

"Yes," he whispered, reaching for her lily white hand, "and I wish you would smile on me always."

"But I can't," and again that seraphic smile.

He gazed upon her appealingly, still reaching for her hand.

"And why not?" he asked, oh, so anxiously.

"Because," she said, very gently, "I'm engaged to smile on Mr. Wood this evening, who is to take me to the ice cream parlors to participate in a feast of luscious strawberries."

Once more she smiled, but it was ashes in the mouth of Macallister McIlhenry, and he went and tore his hair, for the bulk of his bet was to go to that hated Wood, and this was how he was spending it.—Detroit Free Press.

A Name For Every Bee In The Hive.
The "smart" city boy has countless wonderful stories to tell to his country cousin when he goes to the farm for a part of the summer. The city may not be a good place for him to stay in the warm weather, but it is a good place to bring about. City Boy got caught, however, when he had pumped Country Boy full of yarns about marvelous things in the metropolis.

"Well, I know," said Country Boy, with an angelic look on his freckled face, "but my uncle over to Cross Roads beats 'em all. He's got 20 hives of bees, and he's got a name for every bee."

City Boy jested, but Country Boy stuck to his yarn stubbornly until City Boy, seeing a chance to get a big story to tell in the city, was convinced.

"Well," he said, "tell me some of the names. What does he call some of them?"

"Bees," said Country Boy, his face as expressionless as a freckled flower sack, "just bees. He calls 'em all bees."—New York Tribune.

A SUFFERING CHILD

Head and Scalp Raw with Places Size of Silver Dollar. Various Remedies only caused Fresh Eruptions. Applied CUTICURA. Change in Twenty-four Hours. Perfect Cure in Two Weeks.

My little son, aged three, was very much troubled with a breaking out on his scalp and behind his ear. The places affected were about as large as a silver dollar; the flesh seemed raw and covered with little blisters. The child suffered considerably, and was naturally very fretful. I tried several remedies without obtaining any beneficial results; in fact the eruptions seemed to be spreading and new places breaking out. I concluded to try the CUTICURA REMEDIES. I washed the affected parts with the CUTICURA SOAP, taking care not to irritate the flesh, and applied CUTICURA. I noticed a change for the better in the appearance of the eruptions in twenty-four hours, and in two weeks the eruptions entirely disappeared, leaving the skin smooth and the scalp clean; in fact a perfect cure, as I have not seen any indications of any eruption or breaking out since. I gave the child only a few doses of the CUTICURA REMEDIES. I consider your CUTICURA REMEDIES very valuable. I believe CUTICURA would be excellent for applying to insect bites, which are very annoying in this country. C. A. ARMSTRONG, Swift Island, N. C.
